President Roosevelt expects to make a tour of Europe after the close of his term of office, and he will hunt big game in some of the out-of-way places. It is said that the President desires to avoid even the appearance of dictating to Taft if the latter is elected President, and that the European trip is partly for this purpose.

CHESAPEAKE AND OHIO

Our Pet Railroad Shows Immense Increase in Business—15,000 Employees—Moved 10,000,000 Tons of Coal

Official announcement is made that George W. Stevens will not retire from the Presidency of the Chesapeake and Ohio to accept that of the merged Mexican roads, and the reason seems to be best set out in a brief history of the C. and O. under his management.

For the year ending last June 30th the road had a gross income of \$25,796,860.98, an increase of \$1,193,872.49. The net income was \$3,392,999.14. This shows divisible earnings of 5% on the outstanding stock, but following the management's custom but 1% was paid.

THE QUALITY GROCERS, MASONIC TEMPLE BUILDING.

The surplus was, as it has been for years, applied to increasing the physical plant.

In 1900 the company's gross income was \$13,402,070.27, so that in less than seven years an increase of 92% is shown. During that period 260 miles of second track were laid, the freight-car equipment was increased from 16,661, with an average capacity of 29 tons, to 30,535, with an average capacity of 40 tons, and the motive power equipment was built up to 670 modern engines. A system of branch lines into the coal fields of Kentucky and West Virginia was developed, which delivered to the main line last year from the latter State alone more than 10,000,000 tons of coal, 10 branch lines penetrating this territory. The enrollment of employees now numbers in excess of 15,000.

Mr. Stevens is a native Ohioan, which fact, linked with the present condition of the road and what has been accomplished in its op-

building and development under his guidance, is sufficient reason why Chesapeake and Ohio interests refuse to allow him to transfer his allegiance to the big Mexican Government corporation.

Tomorrow is Arbor Day in Ohio.

Maysville's BEST Outfitters!

Our Easter week business, judging from last Saturday's trade, will be a HUMMER. We show such an immense variety of the newest designs and patterns in Young Men's, Boys' and Children's Suits, and at such reasonable prices, that whilst we are much gratified, we are not surprised at the run on them. You know that no suit leaves our store that is not perfect in the slightest detail. The least imperfection must be corrected before it goes to the customer. Equally as stylish as our clothes are also our Men's and Boys' Shoes. We take special pride in our Shoe Department. We sell the best made. Our Shirt, Neckwear and Hat Departments show the newest productions of the best manufacturers.

The officers of the steamer Queen City claim no one was to blame for the assault upon the colored constable who was found on the grade here Tuesday morning suffering from severe bruises. Captain Swenney says the man, who gave his name as Page, was intoxicated and was quarrelling with the other colored hands on the boat. After having his head dressed by the City Physician, Chief Ort gave Page ten minutes to leave the city. He was escorted to the city limits by an officer and he headed for Cincinnati.

FOR DELEGATE TO NATIONAL REPUBLICAN CONVENTION.

We are authorized to announce W. D. COCHRAN of Mason county as a candidate for Delegate to the National Republican Convention at Chicago in June, subject to the action of the Ninth District Republican Convention to be held at Carlisle, Ky., in May, 1908.

CALL FOR REPUBLICAN COUNTY CONVENTION.

Pursuant to the directions of the party authorities, the Republicans of Mason county are called to meet in mass convention at the Courthouse in Maysville on Saturday, April 26th, at 1 o'clock p.m., standard time, for the purpose of selecting, by viva voce vote, delegates to the District Convention, to be held at Carlisle, Nicholas county, on May 5th, at 11 o'clock a.m., and the State Convention to be held at Louisville on May 6th at 1 o'clock p.m.

The District Convention at Carlisle is for the purpose of electing two delegates and two alternate delegates to the National Convention to be held at Chicago, a Presidential Elector for the Ninth District and a member of the State Central Committee.

The State Convention at Louisville is for the purpose of electing four delegates and four alternate delegates at-large from the State to said National Convention.

W. D. COCHRAN, Chairman County Committee.

Mr. John D. Wood of Zanesville, Ind., brother-in-law of S. P. Baird of Carlisle, fell down a flight of stairs at Greenville, S. C., and died the next day without ever gaining consciousness. Mr. Baird was telegraphed to about the matter on the 21st of March, but never heard of his death until last Wednesday.

At the Commencement of Hamilton College, Lexington, the exercises to take place on the morning of May 21st, Miss Hilda Threlkeld, one of the twenty-four graduates, will deliver the Class Will. This is an honor for the Maysville student, as only a few members of the big class will take part in the program.

THE PUBLIC LEDGER favors amnesty for all the HARGISES, the CALLANANS, CALEB POWERS, JIM HOWARD, ex-Governor TAYLOR, JOHN POWERS, CHARLES FINLEY and all the night riders. Let's wipe every old grudge off the slate and begin over again, give every man a square deal and have a decent, law-abiding "New Kentucky."

Court of Appeals Hands Down An Important Ruling In the Clinger Case

FRANKFORT, KY., April 15th.—The appeal of George M. Clinger's Administratrix against the Chesapeake and Ohio Railroad from Mason county, taken from an order of the Circuit Court transferring the case to the Federal Court, was reversed. Clinger was killed while standing on the tracks at Maysville and his widow sued the company for \$25,000, alleging gross negligence, and that the Chesapeake and Ohio Railroad Company in Kentucky leased the Chesapeake and Ohio Railroad Company, a Virginia corporation, and making Shannon Hall, a Conductor on the train, a party to the suit.

The appeal was taken on the grounds that the case should be transferred to the Federal Court, stating that the appellant had no grounds for action, but in the opinion of Judge Nunn he explicitly stated that it was a well established rule that where injury was done to a plaintiff by two or more wrong doers all of them were jointly liable for the injury inflicted.

RAID ON MURRAY

Frustrated By Presence of Militia—Inner Workings of Night Riders Shown Up—The Oath

MURRAY, KY., April 15th.—An affidavit has just been taken by Judge Wells which divulges the sensational fact that a raid was planned on Murray for the fourth Monday night in March. In this raid there would have been 300 or 400 night riders. Arrangements had been made for the notorious Trigg county band to assist in the raid. The big Regie warehouse, containing thousands of dollars' worth of tobacco, was to be burned.

The local night riders got word that twenty-five guards were on duty at the Regie plant, and also that Judge Wells was prepared for an attack. They decided not to make the raid and called it off.

Following is the night riders' oath:

"I, in the presence of Almighty God and these witnesses do solemnly promise and swear to become a member of this order. I, do solemnly promise and swear that I will obey all orders which may be given me, and I will go at any time that they may call upon me unless I or my family is sick, and if I should betray this order in any way I shall have to submit to the penalty which may be put upon me, which is death. To all of this I solemnly promise and swear, so help me God."

HOPKINSVILLE, KY., April 15th.—Important developments may be looked for at any time

in Christian county following the confessions of night riders in Calloway county. The leaders of this county are well known, and a good deal of circumstantial evidence has already been gathered. There have been no direct confessions, but now that the blood oath has been broken in other counties by men who know all about the Hopkinsville raid, the riders are in fear as to what may come out next. The apprehension and anxiety among suspected persons amounts almost to a panic. It would not be surprising to see a general hunt for cover before the week is out.

Excitement was created a day or two ago by the revival of a rumor circulated last winter that several Hopkinsville men had been marked for assassination. Some of the suspected leaders returned last night from hurried trips to other counties, presumably for conference with leaders. They appear to be even more uneasy today than they were before.

Governor Hanly has begun an investigation of the night rider depredations in Southern Indiana.

Julia Marlowe has suffered a nervous breakdown and has canceled all her engagements on account of her name being mentioned in a divorce case.

Mrs. Charles Marshall of Lewisburg is seriously ill with typhoid fever. Dr. A. O. Taylor of this city was called in consultation with the case last evening.

Mr. and Mrs. John W. Boulden of West Fourth street, delegates from the M. E. Church, South, to the Laymen's Missionary Conference, will leave for Chattanooga, Tenn., Monday. The Conference will convene there Tuesday and continue till Thursday.

REMARKABLE RECORD MADE IN NORTHWEST

Young Man with New Theory Is Astonishingly Successful in Minneapolis.

The remarkable success that has attended L. T. Cooper during the past year has not been confined to any one locality, but is so widespread that the young man is now a well-known figure in most of the leading cities of the country.

Mr. Cooper believes that the stomach is the foundation for most ill health, and claims that his preparation, by regulating the stomach, is a true specific for most diseases. The following extract from the Tribune of Minneapolis gives an idea of the surprising number of people who are accepting Cooper's theory. The article was one of many that appeared during Cooper's stay in Minneapolis, and is as follows:

"The sale of Cooper's preparation is now phenomenal in this city, and an estimate made today seems to indicate beyond all doubt that it will equal the large figures reported from Minneapolis during the thirty days Mr. Cooper spent in that city."

"During the past twenty-two days Mr. Cooper has been in Minneapolis, the sale of his preparation has averaged about two thousand bottles a day. When the amount of medicine disposed of throughout the state is added to this, the amount will be something like \$100,000. Therefore, the young man has sold in twenty-two days eighty-eight thousand bottles of his medicine in the state of Minnesota alone, which is a truly remarkable record."

"During the past week so many hundreds of Minneapolis people have been calling to thank Cooper for the good he has accomplished with his medicine, that it is safe to say that his visit will long be remembered by the sick of the city."

We sell the famous Cooper preparation which has made a similar record in the above wherever introduced. T. J. Chenoweth

BRACKEN FOR TAFT
"If Signs Count For Anything," Says Brooksville Man

Brooksville Cor. Augusta Chronicle.

Shelby Blatterman of Mason county was here during the forepart of the week in the interest of his candidacy for Delegate to the Republican Presidential Convention to be held in Chicago.

Mr. Blatterman wants to represent this district, and he was here trying to get the instructions of Bracken county. The nomination for the place he aspires to will be made at Carlele May 5th. Mr. Blatterman is Secretary and Treasurer of the American Society of Equity of Mason county, and this fact is given as a reason why he should be supported by Bracken county. Personally, his choice for President is Fairbanks, but says he will vote the way he is instructed.

If signs count for anything, this "book of the woods" is for Taft.

CLIPS FEDERAL JUDGES' POWERS

Bill to Prevent Them From Granting Injunctions Interfering With State Statutes

Through Senator Overman, the Senate Committee on the Judiciary has favorably reported a bill regulating the practice of granting injunctions by United States Courts restraining the enforcement of State statutes. The bill provides that no Circuit or District Court shall issue such temporary injunctions on the ground of unconstitutionality until testimony shall have been taken by three Judges, at least two of whom shall be Circuit Judges. It requires five days' notice of such proceeding to the Governor and Attorney General of the State involved, unless in cases in which the loss of so much time may work irreparable damage, when a temporary order may be issued.

The bill also provides for a direct appeal of such cases to the Supreme Court of the United States, and gives them precedence there. It is intended to meet conditions such as have recently arisen in Minnesota, North Carolina and other States.

Ironton is to have another daily newspaper. It will be an evening paper and will be edited by Prof. E. L. Marting, at present one of the faculty of the Ironton High School.

PLEA FOR POWERS
Attorneys Present the Law and the Facts Why Noted Prisoner Should Be Freed

In the Powers-Howard pardon-bearing at Frankfort before Governor Willson, Judge J. C. Sims, Attorney for Powers, said that he had three points to state why Powers should be granted a pardon. He named them:

1. That he was denied bail after his last trial, when there was a hung jury.
2. That the record shows that he is absolutely innocent of the charge against him.
3. That as the law now stands it is impossible for him ever to get in the future a fair and impartial trial before a fair and impartial jury.

Judge Sims took up the points in order. He said that never in his 30 years' practice had he ever heard of a prisoner being denied bail when ten of the Jurors had said he was guilty, and only two stood for conviction.

He scored the trial Judge for this action, but said he did not criticize in a personal sense.

He declared that the Commonwealth's Attorneys knew that Powers could have been released upon his own recognizance and he would have been present when his case was called again, or that he could have given bail in any reasonable amount.

He pointed to the length of time consumed between trials, and declared that if the Governor was going to wait for Powers to have another trial he had just as well take him out and have him shot or hung, for in his (Sims') opinion Powers would never live to face another trial, and for this opinion he had a statement of his physician as to his health.

CASE AFTER CASE.

Plenty More Like This in Maysville.

Scores of Maysville people can tell you about Doan's Kidney Pills. Many a happy citizen makes a public statement of his experience. Here is a case of it. What better proof of merit can be had than such endorsement?

Mrs. Nathan A. Hafer, living in the Western part of Maysville, Ky., says:

"My estimation of Doan's Kidney Pills is so great that I have not the least hesitancy in publicly recommending them. For ten years I was bothered by backache, during which time I tried various remedies without obtaining any beneficial results. There was a constant dull ache across my back, often accompanied by sharp rheumatic twinges throughout my body. I was subject to nervous headache and dizzy spells, and on arising in the morning felt so tired that it seemed as if I had not been to sleep at all. Mr. Hafer, who had been cured of backache by Doan's Kidney Pills, advised me to give them a trial, and I procured a box at J. J. Wood & Son's Drugstore. They soon proved their efficiency in my case, and I did not have to take them long when all my trouble disappeared."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.
